

# Transcripts and Imaged Exhibits Delivered to you on Compact Disks

Hutchings uses the latest technology to help you manage your discovery in one cohesive package. Now you can quickly access, search and view case transcripts and corresponding imaged exhibits on CDs. No special software is needed to utilize our finished product, which is a perfectly integrated, self-contained transcript archive for one or multiple depositions.

Our team can also hyperlink applicable exhibits to pertinent testimony to further streamline your tasks. The "bundled" transcripts and exhibits can be saved to your case directory or imported into other litigation programs.
